

# Occasional Childcare

## Burnley Neighbourhood Centre

**Our philosophy values children learning through play and in an environment that:**

- Is relaxed and fun
- Has caring and qualified staff
- Is safe, stimulating and aesthetically pleasing
- Is responsive to individual needs and interests
- Encourages exploration and decision making

**We believe that parents, staff and the community all have a valuable role to play in the care and development of young children. Our program allows parents/carers to have some time out, have a coffee or make that appointment.**
